## Product Details

- High NA
- Long Working Distance
- Parfocal Distance of 60mm For Clear Images

Nikon CF160 LE Plan EPI Brightfield Infinity Corrected Objectives are designed for Nikon's CF160 system, a proprietary optical system combining infinity optics with the superior performance of the CF optical system. Featuring a parfocal distance of 60mm, these objectives have long working distances while maintaining a high numerical aperture, and producing clear images with high contrast and resolution. Various magnification options are available, ranging from 5X to 50X. Nikon CF160 LE Plan EPI Brightfield Infinity Corrected Objectives are ideal for industrial microscopy applications such as technical cleanliness, steel quality rating, and metallography.
