Product Details

- Available for a Range of Diameters
- Fits within 25mm or 30mm [Cage System Plates](#)
- Ideal for Securing Mounted Optics or Laser Diode Modules

TECHSPEC® Cage System Simple Optical Mounts are ideal for securing mounted optics, laser diode modules, or other optical components within a TECHSPEC® Cage System. A single set screw secures the component within the simple optical mount. Each mount features male threading for easy integration with [cage system tubes](#). By enabling the addition and removal of components from plates, TECHSPEC 25mm and 30mm Cage System Simple Optical Mounts add additional flexibility to any TECHSPEC Cage System setups. Additionally, these simple optical mounts are ideal as stand-alone components or combined with cage system tubes.
