Product Details

- Non-Marring Cushioned Tips
- Screw-In Cushioned Tip Design

- Replacement Tips Available

The slip joint design utilized in these pliers is ideal for handling optics, camera-lens assemblies, and other delicate components. Jaw openings range from 1" to 2.75" (dependent on model). Jaws feature screw-in plastic cushions to protect fine knurling and delicate finishes. Tool body is laminated and handles are covered with rolled vinyl to ensure proper grip.
